

Prof. Dr. Edda Humprecht

Research idea

First and last name [Enter your name here]

Matriculation number [Enter your matriculation number]

**Number of semesters /
major and minor** [How many semesters are you already studying? What is your major and minor combination?]

Planned registration [When would you like to register your thesis?]

Research question [Please indicate your preliminary research question]

Theories [Which theories could be used to address the research question?]

Material / Sample [What material could be used to investigate the research question, what could the sample look like?]
]

Method [Which data collection and analysis methods could be used to answer the research question?]

[Here you have space to specify literature, e.g. model studies, important theoretical contributions,
etc.]
